Solar-module Gallium

Solar module ZX195(37)MS-GA | ZX200(37)MS-GA | ZX205(37)MS-GA
Powerful photovoltaic module by the durability, performance and the latest, innovative technology.

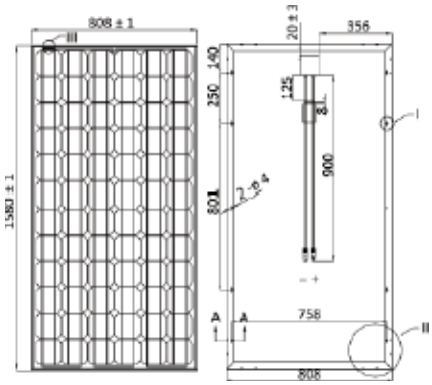

The very high silicon content of the 72 cells makes these modules extremely efficient, which also affects the higher solar gain.
This solar module is also suitable for roofs with less space.

The modules are about the whole warranty period reinsured.
